

Jared Wilkins
Immediate Past Chair

It is extremely easy to get complacent in your “job”, becoming a member of the ELC gives a new energy to what and how you are running your business. With the relationships you develop, you can turn that job into a career. The Nevada Emerging Leaders Committee is an excellent opportunity for newer insurance professionals to get involved with our state association (NIIA) and learn more about the industry. Prior to joining the ELC, my insurance career focused entirely on our agency’s day to day operations, the daily grind. As a member of the ELC, I feel I have gained a broader outlook of the industry as-a-whole. I have had the pleasure of being involved with our state’s legislation, local and national charities, promoting our industry to future generations, learning more about the future of technology within Insurance, and attending state and national meetings and conventions. I believe it is beneficial for all agency owners to get involved in the association and encourage their staff to get involved with the Nevada ELC and the Nevada Big I to nurture their career.
