

Meet Todd Morse: 2020-2021 Director and Tradeshow Chairman

Executive Vice President & Partner, Cragin & Pike Insurance
Todd has several roles at Cragin & Pike including maintaining and growing book of business. He also oversees various departments within the agency.

Cragin & Pike focuses on medium to large commercial accounts for commercial insurance and benefits and high net worth personal lines. Todd's focus is on all of these. The agency is one of the oldest in our state being established in 1909. Currently, they have 55 employees.

Todd has been in the industry for 20 years. He has been a NIIA Director 3 years and has been active with the Education, Membership and Events Committee. He is looking forward to working on the 2021 Convention and Tradeshow to bring valuable networking and professional opportunities.

Todd's interests are playing golf, hiking, and playing electronic battleship. He enjoys spending time with his wife and two sons (14 and 10) and two dogs (4 and 2). He hopes to someday open a Basque bar and restaurant in Southern Nevada.

Todd suggests other agency owners and producers should get involved with our state association. Nevada, despite our growth is still a small state. We can work together to help our industry and clients with everything from regulation to legislation. His favorite NIIA or Big I event was the Trade Show in Reno last year. It was a hit, and he had the most fun with fellow board members assisting with setup the night before.

Reach out to [Todd](#) and learn about how you can get involved with upcoming events.
